PERSONAL Bankruptcy Worksheet

INSTRUCTIONS

Please answer these questions carefully. The information you give us will be used to compile the documents the Court requires in order to have your bankruptcy case approved. Your answers will determine what will be on your bankruptcy "petition" that initiates the case. Any errors, omissions or misrepresentations may seriously affect the discharge of your debts (meaning that you may need to pay them despite your having filed for bankruptcy). Discuss this with your attorney.

Where space permits, provide the entire answer to each question on this questionnaire. However, do not let the size of the space available determine the extent of your response. If additional space is necessary, use a separate sheet or the back of this form, identifying by number and letter the question answered. A question asking for a date, or when something happened, can usually be answered with the month and year only. A question asking for an address must include the ZIP code, along with a complete street or post office box address.

The instructions in this questionnaire should answer most of your questions. In addition, we have tried to eliminate "legalese" (or lawyer jargon) by using clear and simple language. Where terms are used that we feel might be unfamiliar to you, we try to provide clear definitions. Nonetheless, if you are uncertain about what is being requested, then please call with your questions, because accuracy at this stage is of utmost importance.

Remember, these questions must be answered <u>fully</u> and accurately. If you absolutely cannot remember, find out, or estimate with reasonable accuracy, answer "Unknown." The effort you expend now will help determine how quickly your bankruptcy can be filed and will economize on legal costs or the time required for legal work.

There are many parts of the worksheet that will ask you to place a value on property that you own. Please use the following as a guideline for determining those values:

REAL PROPERTY: LIST ALL OF YOUR ASSETS. When valuing real property (land and any structures built on it), indicate the appraised tax value from your yearly property tax statement or, alternatively, base the value upon sales price paid for similar properties in your area.

PERSONAL PROPERTY & HOUSEHOLD GOODS: LIST ALL OF YOUR ASSETS. When filling out this part of the worksheet for any items that are collateral on a secured debt, use the replacement value of the property as of the filling date without deducting any costs of sale. Replacement value is the price a retail merchant would charge for an item of that kind, considering the age and condition of the property. Cars should be valued by the N.A.D.A. Official Used Car Guide or Kelly Blue Book. Other household goods and clothing can be valued at fair market value, which is the price that you would charge for an item of that kind in similar circumstances.

DEBTS: LIST ALL OF YOUR DEBTS. For each creditor, please provide us with the following information: name and complete address (use any address listed for bankruptcy notices), account number, the amount owed based on the most recent statement you received and monthly payment amount, the date the debt was created, and any other information requested in these worksheets. You may plan to repay some creditors, including relatives and friends, but you must nevertheless list them as creditors. Your attorney can discuss with you the procedures for "reaffirming" a debt to a creditor or how to go about repaying your relatives or friends. If you have debts that are disputed, list them. If you have potential debts for which no one has yet made a direct claim against you, list them. Failure to list a creditor can result in you not being discharged of your obligation to that creditor. At your request, we can provide you with an Excel spreadsheet template to input the information. The worksheets must be filled out and completed —a copy of your credit report is not sufficient.

CODEBTORS: Your codebtors are obligated to pay the debts you do not. For most people, a codebtor is just someone who cosigned a loan. However, partners, spouses and others who are not part of your petition may be liable on many of your debt without actually cosigning anything. If this is your situation, you will need to attach additional sheets listing all debtor for which someone else may be jointly liable.

CURRENT MONTHLY INCOME: You are required to provide information about all the income you have received over the last six months, including wages from regular employment or side jobs, investment income, interest income, or any other income from a business or other source. Only benefits received under the Social Security Act and payments made to victims of war crimes or terrorism can be excluded. Current monthly income will be an average of the prior six months' income.

DISPOSABLE INCOME: You must provide your average actual monthly living expenses where requested. Under section 707(b)(2) and section 1325(b)(2) of the Bankruptcy Code, however, some of your expenses will be determined by standards for expenses issued by the Internal Revenue Service. To compute your disposable income, you would deduct your allowable expenses from your current monthly income.

EXEMPT ASSETS: We will assist you in determining which of your assets are exempt from the bankruptcy trustee or your creditors. You will need to inform us where you have lived for the past 2 ½ years, which will determine which state's exemption laws apply. You must provide us with the value, as discussed above, of any property listed as exempt.
